Chromebooks are assigned to each individual student, and it will be the responsibility of the student to bring their Chromebook to class appropriately charged. Chromebooks are like textbooks and are a student's responsibility. Library charges will be incurred for damages, just like textbooks.

Cell Phones are no longer permitted to be visible. Cell Phone pocket organizers will be in every classroom, and students will be required to place their phones in these pockets, which is hanging beside the classroom door. Furthermore, Chromebooks may only be used at the discretion of the teacher; just because a student has a Chromebook, it does not mean that the teacher will be permitting the use of the Chromebook for a particular lesson. Students are expected to adhere to our electronic device policies.

Please make sure you have access if you are not requesting a copy of the report card. Here is how to get access to PowerSchool:
