# BRETON HIGH SCHOOL

## Chromebook Policy Change

Our Chromebook policy has been 1-1 Chromebooks for students in which students would have for the school year. In June we take the Chromebooks back to clean & store them to use again next year. This year, however, we were unable to keep a large quantity of them due to damage. This damage was above the wear and tear expected from a year of use; many of them had to be thrown out. Due to this, we have changed our policy in issuing Chromebooks for students.

Parents will have the following options for the school year:

- 1) Pay a \$200 deposit (\$400 for a family of 2 or more) for the Chromebook in order to take it home
- 2) Access day use within the classroom but the Chromebook is unable to go home
- 3) Purchase their own Chromebook

## Hat Policy

We have relaxed our hat policy in the halls of BHS for this upcoming school year. Please note that in the event schools are mandated to wear masks within the building we will be going back to **NO HATS** as it becomes difficult to identify student with both a hat & mask on.

## IMPORTANT DATES

*Sept 1st: Grade 7's Only*

*Sept 2nd: All Students*
