Washroom Vandalism

We would like to make you aware of a pressing concern we are having. Our student washrooms are being vandalized. With this increasing, we have a service request to get the damage repaired which not only takes time for our maintenance dept but is costly to us at the school.

Students are aware that there may be missed opportunities for our student body as the school incurs these costs. Any student caught vandalizing school property will take on the cost of the repairs. It is important that our families know of such incidents and assist us in curbing these detrimental, time-consuming, and expensive acts.

Reminder: Students need to sign out if leaving school or arriving late
