

## **June Principal Report**

### **Academics**

- 19 days left

### **Scheduling for 2023-2024**

- Ms. Monts will be back full time
- Mr Patty will returning to HW Pickup
- Looking at scheduling Grade 9 Social and Grade 9 Science semester based.
  - These courses are more content based versus skill based so having them in a semester is better for retention
  - Discuss with parent council

### **Awards**

- Considering doing an awards night before the end of the year but supply for medal is very low
- Discuss with PAC if they would like to see an evening event or having it during school hours

### **Student Union Update (Provided by Dalyce)**

#### **May**

For the month of may we did have education week, we did simple activities to do with staff members, we have hosted the elementary school's track and field event which had a great turnout for both students and weather

We recently held a mental health week and candy grams for mental health were sold to promote asking people how they are doing and not just how they seem.

With the amount that the grade 6 class soon to be grade 7 class has been at the school we have elected not to do a tour at the end of the year because they have PAT's coming up and need as much time as they can to prepare.

We have some junior high students volunteering at the grade 7 orientation next school year to give them a good welcome to the school as well as additional advice to give.

People from both the junior option in gardening as well as juniors in students union are going to the community garden to water on Monday, Wednesdays and alternating Friday's when we have day 1's at school. We are currently looking for some in town students

or students that can easily be driven in to town. We believe at SU that we could have some kids already in the high school to get together with the new gr. 7's to do it to get them into the life style of the school.

Aboriginal day is coming up, we will be making Bannock, we have lacrosse, teepee making and a drawing/painting activity planned.

Classes for high school students ends on June 15, and the last day for the rest of the school on the 23. PATs and Science 30 are on the 26th and 27th

Next year students union will have a council in the union, we will have a president, vice, secretary and treasurer.

They will be self run meetings and we will do more fundraising and be more coordinated.

We are looking in to having different people set for different things, Ex. Jr council vs Sr. Council

### **Athletics**

- 3 Jr's placed for Track and Field
- 8 Sr's placed and were zone medalists for Track and Field

### **Cultural Camp**

- Was canceled due to fires. We thought they were going to reschedule however, the Indigenous team is now busy planning June 21st in Drayton Valley
- Our Grade 7's will get to go next year

### **Grad**

- Grad June 23
- Silent Auction was a huge success. Thank you to Dawn Kymta for all of her organization and running the event

Please note all exams are scheduled to start at 9:00 unless they state otherwise (in class).

June 2022-2023

Monday	Tuesday	Wednesday	Thursday	Friday
