The Breton High School Advisory Council would like to send a big thank you to everyone who filled out the recent Parent Council Survey! We really appreciate you taking the time to share your thoughts on what's important to your family and how you like to stay in the loop.

Our main goal here at the Breton High School Parent Council is to keep everyone informed and work together with the school to make sure students have the best learning experience possible. We're also a registered Society, which means we get to do some fun AGLC Casino fundraisers every 2 to 3 years! These help us support all kinds of awesome things like the Student Council, Sports Programs, and CTS programs. We even helped fund the shiny new score clock for the gym, which will be coming with us to Breton Keystone School.

Right now, we're using our funds to support Student and Athletic awards, create a Memory Wall for Breton Keystone School, help out the Foods program, and chip in for the Students Union. We're also teaming up with the school to see what extra things the High School side of Breton Keystone School might need beyond the provincial funding. And of course, we're a great source of information on the exciting school modernization project!

Meetings are at 7:00 pm and we always have a virtual option. Since things have moved to Warburg, we're on the lookout for a good spot for in-person meetings. Ms. Gallant will email everyone the details for the next in-person meeting and the virtual meeting link. Our next get-together is on March 31st at 7:00 pm.

We'd love for you to join us and share your thoughts on the modernization project or anything else school-related! We're all about keeping updated on the latest news about the modernization plans, and what's going on in Breton High!
